

A photograph of a modern building facade with vertical panels in various colors (orange, yellow, grey, blue) and large windows. A large, stylized eye graphic is overlaid on the image, with the text 'Attract attention' inside the eye's pupil.

Attract attention

EuraMica

Color your world with Euramax

Attract attention

EuraMica is tailored to attract attention. Mica pigments reflect their own color or that of the base coat. This reflection and refraction causes a fascinating color variation that changes upon viewing angle and incidence of light.

EuraMica collection

EuraMica 3 or 4 layers Polyvinylidene Fluoride (PVDF) and/or Fluor Polymer (Lumiflon)

Gloss

EuraMica systems come in low gloss (30). This gloss level can be increased up to mid gloss (60) or high gloss (90) using a Lumiflon end-layer.

Guidelines

- Install panels in the same direction to avoid reflection differences
- Order projects in one batch to avoid color differences
- Many other colors available on www.euramax.eu/euramica
